

Andromeda Galaxy, photo by young amateur astronomer Jurij Štara.

# 7th European Symposium for the Protection of the Night Sky Light Pollution and Global Warming

International Exhibition: Quality Lighting and Light Pollution  
5-6 October 2007, Bled, Slovenia

Light pollution from near Triglav national park, Slovenia.

**Why does nobody care about 1700 million €\***

**glowing to waste over Europe?**

\* Estimated value of money based on waste energy and prices for 2007, ground based monitoring and satellite monitoring.
